

Usb Serial Port Component *Only For Android*

Using :
For **FulDublex** Serial Communication

Support USBSerial Converters with (CH34x , CP210x , CP2130 , CP2102 , PL2303 , CDC , FTDI)Chip

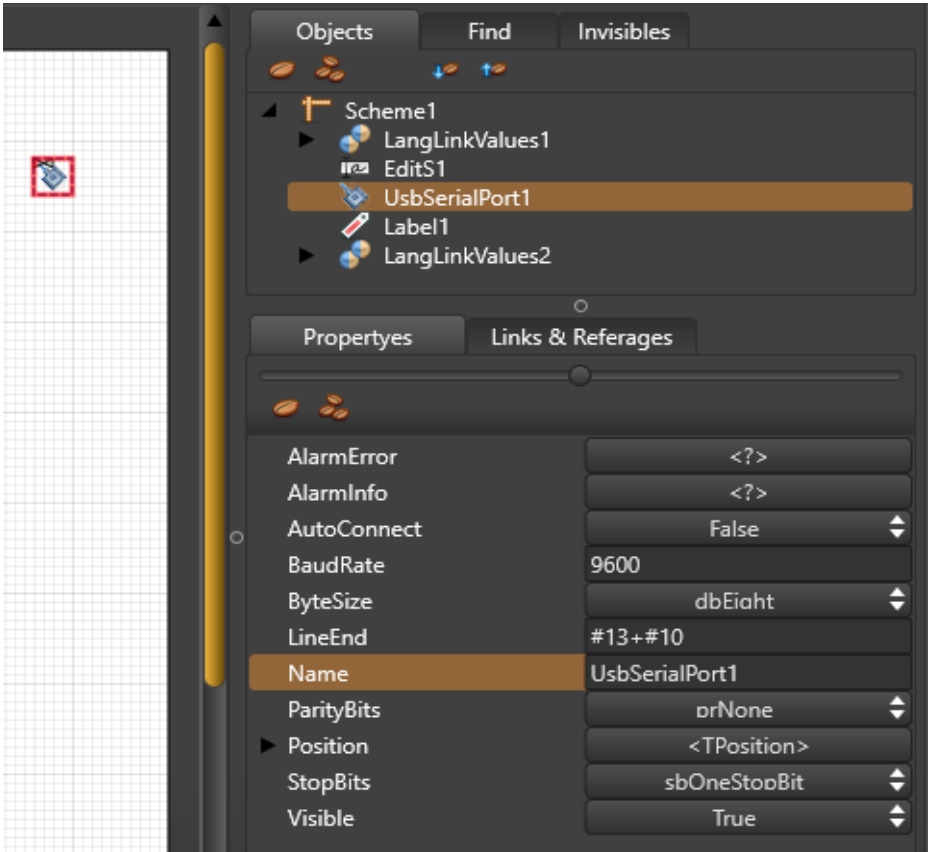

Events :
OnReciveValue Recive Event

Commands :
Connect Connect Port
ClearInBuffer Clear input Buffer

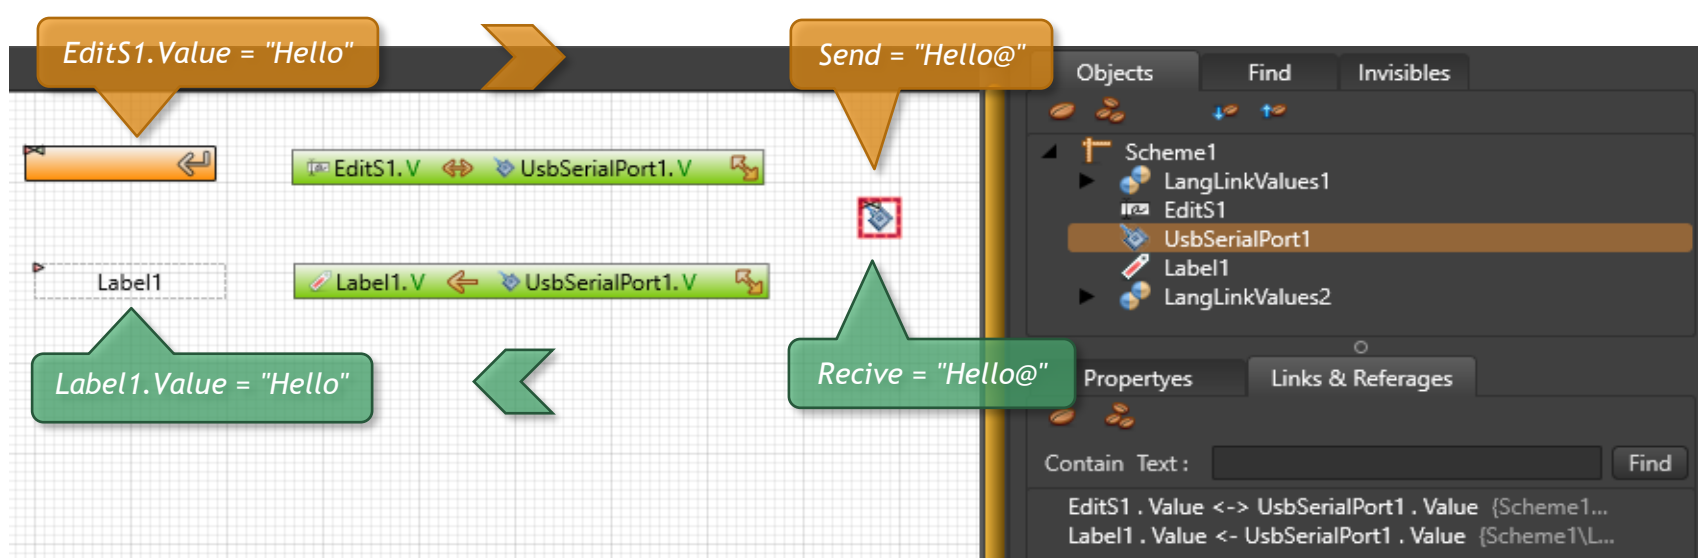

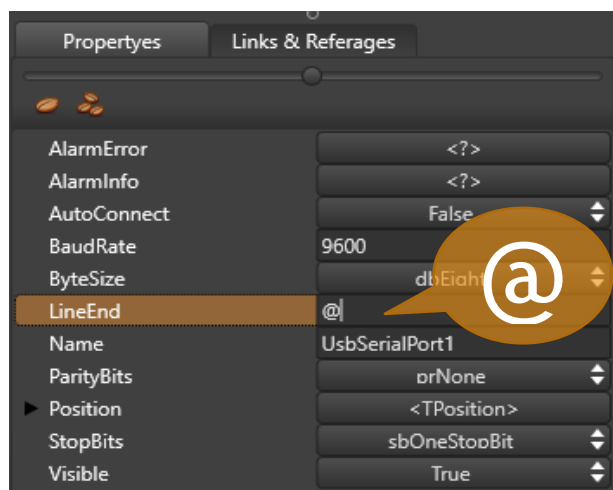

Propertyes :
AlarmError TXAlarm referange
AlarmInfo TXAlarm referange

BautRate 9600 ...
ParityBits prNone, prOdd, prEven, prMark, prSpace
DataBits dbSeven,dbEight
StopBits sbOneStopBit, sbTwoStopBits

AutoConnect Connet After Run
LineEnd Terminate String
 Special Chars #13+#10
 if terminate String = "@" Port wait Recive String Terminated By "@"
 Example "Hello@"
